MMUST observes ZERO tolerance to examination cheating

This Paper Consists of 2 Printed Pages. Please Turn Over.

Question One

Explain why effective humanitarian relief management is based on anticipating problems and identifying them as they arise and providing specific supplies at the right time. (20 Marks)

Question Two

Demonstrate how logistics helps to support the organization and implementation of response operations for timeliness and efficiency. (20 Marks)

Question Three

Show the extent to which you agree or disagree with the view that various effects of disasters on the population and its surroundings generate different kinds of needs and require different approaches to meet those needs. (20 Marks)

Question Four

Examine some of the factors that may hamper or facilitate relief efforts. (20 Marks)

Question Five

Discuss the concept of emergency supplies and their key characteristics. (20 Marks)
