

(MASINDE MULIRO UNIVERSITY OF SCIENCE AND TECHNOLOGY

SCHOOL OF MEDICINE

DEPARTMENT OF MEDICAL MICROBIOLOGY & PARASITOLOGY

INTERNAL MEMO

FROM: Prof. C. Mulambalah

DATE: 12/03/2022

TO: COD, Med Microbiology & Parasitology

REF: MMU/COR: 586026(18)

SUBJECT: END OF TRIMESTER I EXAMINATIONS 2021/2022 - INTERNAL MODERATION REPORT

Degree Program: MBChB

Year of Study: II

Academic Year: 2021/2022

Course Code: MPS 206

Course Title: Medical Microbiology & Parasitology I

General comments and suggestions

- Insert page number on every page.
- Insert examination date as per approved SOM Examination Time Table.
- Ensure questions are numbered progressively from section A , B, C (i.e question 135).

Section A

- Question 10 - Confirm if it is within course content/description.

Section B

- Section well

Section C

- Section well written

Overall Comments

- Examination is set as per the departmental format.
- HIV features more prominently in the paper than other known human pathogens.
- Questions are relevant and suitable for second year medical students.
- Standard of the paper is appropriate.

Degree Program: MBChB

Year of Study: II

Academic Year: 2019/2020

Course Code: MPS 206

Course Title: Medical Microbiology & Parasitology I

General comments and suggestions

- Insert page number on every page.
- Insert examination date as per approved SOM Examination Time Table
- Ensure questions are numbered progressively from section A , B, C (i.e question 135).

Section A

- Question 11 and 23 are repeated. Replace one.
- Question 24 – Rephrase question stem for clarity.

Section B

- Question 33 – Too general and open-ended to be answered objectively. Review and rephrase/reframe question.

Overall comments

- Examination is set as per departmental format.
- Candidates need to be informed that some course content (**lectures + tutorials**) carried over from Trimester II relating to **viruses and prions** will be examined in the end of Trimester III examination.
- Questions are relevant and suitable for second year medical students.
- Standard of the paper is appropriate.

PROFESSOR CHRISPINUS MULAMBALAH, PhD.
ASSOCIATE PROFESSOR OF MEDICAL PARASITOLOGY
